Delhi 110059 , India | +91 9899956452 | webdaksh1@gmail.com | [Linkedln](#) | [Github](#) | [Portfolio](#)

ABOUT

Multidisciplinary creator bridging the gap between development and design. Proficient in building responsive user interfaces, supported by analytical skills in data analysis and creative experience in post-production video editing to deliver comprehensive digital solutions

TECH STACK – Tools I Use

- INTELLIJ IDEA
- VISUAL STUDIO CODE
- GITHUB
- VERCEL

LANGUAGES *

- C, C++
- JAVA
- JAVASCRIPT (ES6+)
- REACTJS

SKILLS

- **Core Technical Skills** : Java, JavaScript , Web Development , Responsive UI Design
- **Design & Multimedia** : UI/UX Designing, Figma , Adobe After Effects , Video Editing
- **Data & Analytics** : Power BI , Data Analysis , Data Visualization

PROJECT

- **Interactive Professional Portfolio** | Html , Css | [Click Here](#) |

Engineered a high-performance web application utilizing Html to showcase technical capabilities and design philosophy. Implemented fluid motion graphics and micro-interactions leveraging to maximize user engagement and interface aesthetics

- **Automotive Showcase Zolist** | React.Js | [Click Here](#) |

Developed a dynamic, responsive web application featuring interactive vehicle catalogs, intuitive user flows, and filtered searches. Focused on layout architecture and asset optimization to deliver a clean, high-end aesthetic tailored to mobile and desktop devices.

- **Immersive 3D Animated Web Experience** | JavaScript , Gsap | [Click Here](#) |

Engineered a scroll-driven web experience synchronizing a 300+ frame PNG sequence to create a seamless, cinematic pseudo-3D effect. Implemented advanced asset preloading and optimization pipelines to ensure fluid 60 FPS playback and minimal load times.

EDUCATION

Bachelor of Computer Application | St. Andrews Institute of Technology and Management

- **Cumulative GPA** : 8.2 / 10.0
- **Expected Graduation** : June 2027
- **Relevant Academic Track** : Computer Science Foundations
